

ENVIRONMENTAL

ConvaTech Pty Ltd is committed to ensuring environmental protection and enhancement is a key element of its activities and an integral part of its management system.

Environmental protection, management and enhancement are considered in the selection and procurement of product, in manufacture, delivery, service and disposal.

ConvaTech will ensure that its management systems identify, control and monitor environmental impacts. Identification of environmental risk reduction paths will be a key aspect in the development of any company activity.

Company wide recognition and understanding of the significance of environmental effects associated with activities is important. ConvaTech will comply with all applicable environmental laws, customer policies and site environmental regulations. It will also aim to achieve best environmental management practice, together with industry and customer standards for environmental protection.

Customer satisfaction is a primary goal to the continuing success of ConvaTech. The environmental commitments and responsibilities of the customer are therefore a key concern to ConvaTech and will be upheld in all site activities and services undertaken for our customers.
