

▶ H ECONOMY BELT CLEANER

The range of ConvaTech belt cleaners are guaranteed to reduce carry-back, safety hazards and environmental impact along the conveyor. The H economy cleaners are top performing primary belt cleaners that handle abrasive materials and operate at high speeds. The high-grade polyurethane is the perfect option for conveyors with mechanical fasteners or where cover damage or repairs preclude the use of tungsten tips.

Balancing cost effectiveness with long life functionality makes this the ideal choice for your application.

Application

Installed at the head end or discharge point of any conveyor belt.

Suitable to single or bi-directional conveyors.

Suitable for use on all clipped or vulcanised conveyor belts.

-  Proven Performance
-  Quality Product
-  Flexibility in Design
-  On-time Delivery
-  Australian Owned

FEATURES	BENEFITS
Removes majority of product fines, approximately 80%	= Improves performance of secondary cleaners = Product fines returned to the product flow, maximising revenue
Manufactured from high grade stainless steel	= Increases longevity in structural components
Manufactured in either standard, heavy duty or super pole configuration	= Allows the duty of the cleaner to be matched to the size and speed of the conveyor
Designed with wear indicators on blades	= Clearly identifies when maintenance is required
Choice of multiple grades of polyurethane	= Increases life expectancy of polyurethane tip
	= Minimises maintenance costs
	= Optimises performance
Components are interchangeable with most brands	= Cost savings achieved without the need to replace the cleaner
Components are manufactured from castings with smooth rounded edges	= Ensures uniformity of product
	= Consistent accuracy of product improves serviceability
	= Reduces exposure to potential hand injuries
Supplied with spring tensioning system that self adjusts (also available with air tensioners)	= Reduces maintenance costs as no manual adjustment required

**Available in natural and fire resistant anti-static (FRAS) compounds*
