

HEAVY DUTY TRACKERS

The range of ConvaTech heavy duty trackers are guaranteed to protect and increase the longevity of the conveyor belt by ensuring your belt tracks true.

Our tracker design focuses on improving conveyor performance. This is achieved by reducing maintenance downtime, increasing productivity attributed to belt tracking issues and minimising spillage around the head transition and loading areas.

Balancing cost effectiveness with long life functionality makes heavy duty trackers the ideal choice for your application.

Application

Suitable for single direction conveyor belts. 1400mm or above for coal or similar materials. Suitable for iron ore application to 1500mm or similar materials.
